

Response Letter

Article Title:

Author(s):

Author(s) re-submitting their post-peer-review manuscript are required to provide *Contemporary Southeastern Europe* with a response letter. Each response letter should contain a detailed overview of all changes made to the re-submitted manuscript, on the basis of the recommendations made by each of the reviewers. It should specify sections (with page numbers) and paragraphs that were fully and/or partially modified. Additionally, the response letter should include some short comments on each of the reviews. It should include a clear indication of all major changes made by the author(s), as well as reasons for eventual rejections of reviewer suggestions.

1. Detailed Overview of changes made

2. General comments on review A

- Accepted suggestions and reasons
- Rejected suggestions and reasons

3. General comments on review B
